SUMMARY

Passionate and detail-oriented Full-Stack Web Developer with hands-on experience in building responsive web applications. Seeking a challenging role to contribute skills in frontend and backend development, problem-solving, and modern tech stacks to drive impactful digital solutions.

RELEVANT EXPERIENCE

Full-Stack Web Development Projects

- Developed a **MERN** stack application for a **Employee Management System** with admin panel.
- Built a **Tic-Tac-Toe game** with smooth animations and transitions for player turns, using React.js and GSAP.
- Created a **multi-step loan application** form using **React Hook Form**, **Zod**, and **ShadCN UI** for a better user experience.

PERSONAL PROJECTS

AI Task Manager

- Developed a personal **AI Task Manager** using **React** and **Tailwind CSS** for the frontend. Integrated **ShadCN UI** for enhanced user interface components. The app uses **Gemini API** for AI-based task management and **Clerk** for authentication or **Appwrite** for backend data management.

Chat-bot

- Developed a Ai **chat-bot** using **React.js** and **Tailwind CSS**. Integrated **Gemini API** for AI-based messaging and used **Appwrite** for backend data management.

SKILLS

- **Frontend:** HTML5, CSS3, JavaScript, React.js, Next.js, Tailwind CSS
- **Backend:** Node.js, Express.js, MongoDB, RESTful APIs
- **Tools:** Git, GitHub, Postman, Clert, Appwrite, Supabase, Firebase
- **Language:** Javascript, python, c
- **Others:** Responsive Design, Debugging, Problem Solving

CERTIFICATIONS / TRAINING

- **Web & Mobile App Development —** Saylani Mass IT Training Program **(SMIT)**
- Duration: 1.5 Years (Expected Completion: [Augest, 2025])
